### **\*Your Family Dog Can Do It All!\***

We have classes for all dogs! Starting with obedience classes that teach manners, obedience and off-leash control moving to classes for students who get "hooked" on training and want to join our special interest classes.

We have been training dogs and teaching people for more than 30 years. We help solve common behavior problems and also help with temperament issues ranging from fear and shyness to dominance and aggression.

### **\*For More Information\***

Check out our website and follow us on Facebook. Email or call us with any questions. We're here to help, and we're excited to have you join our Family Dog family!
